Negro Man Found With Leg Broken.

Sam Bell, colored, who lives at the home of Jane Talbott, on the Clintonville pike, a few miles from this city, was found at the Frankfort and Cincinnati railroad crossing Sunday night about nine o'clock in an unconscious condition, and with his right leg broken. How he met with the accident is unknown, as Bell was unable to give an intelligent account of the incident. He was discovered by Mr. Whittington Mann, who notified Patrolman James Moreland and together they succeeded in getting the negro to the county jail, where Drs. Keller, Anderson and Daugherty attended his injuries. The negro, who is a brother of Beecher Bell, of this city, has been employed on the farm of Mr. T. W. Current, near Riddles Mills. He came to town Sunday. He will be taken to his home today.

Paris Negroes Escape Dayton Flood.

J. Clarence Jackson, colored, formerly of this city, writing from Dayton, O., asks the News to make a correction of the report that was circulated here a few days following the flood in that city, that Cora Ayers and Bettie Peterson, colored, formerly of Paris, were among those who lost their lives. Jackson stated in his letter that they all had very narrow escapes but fortunately none of them lost their lives.

Paris Fire Chief Tenders Resignation.

Henry McGinley, Chief of the Paris Fire Department, yesterday tendered his resignation to Councilman D. C. Parrish, chairman of the Fire Committee, and Mayor J. T. Hinton. The resignation will take effect tonight. The resignation of Mr. McGinley is the result of a friction that has existed in the department for several months. He was elected to the position as chief of the department last November and has since served in that capacity. It is not known who will be chosen as his successor.

Alimony in the McClintock Case Reduced.

Judge Charles Kerr, in the Fayette Circuit Court, Saturday afternoon, modified orders previously made in the case of Mrs. Maggie Rogers McClintock vs. James D. McClintock, in which the court reduced the amount of alimony for Mrs. McClintock from \$100 to \$62.50 per month and modified the order in relation to the time Mr. McClintock should see their child.

Mr. and Mrs. McClintock have an equal division of time as to seeing the child on Sundays, while Mr. McClintock will be permitted to see the child two hours each week day. The court granted to the father the privilege of seeing the child for taking advantage of the privilege at one time any day of the week. Mr. McClintock was formerly allowed to see the child three hours daily.

Following Judge Kerr's announcement of his decision, Maury Kemper, representing Mrs. McClintock, asked an appeal, which was granted. The action of the court was made on a motion made by Mr. McClintock asking that the amount of alimony be reduced and that he be allowed to see his daughter as contemplated in the judgment of the court.

Mr. McClintock was represented by Col. John R. Allen, of Lexington, and Judge Denis Dundon, of Paris. Col. Allen read an affidavit signed by Mr. McClintock in which he set up the grounds that his income from all sources is \$3,245 annually, and that his necessary expenditures were so much that after paying the alimony of \$100 per month he had practically nothing left.

Col. Allen reported that Mr. McClintock had paid \$568 as expenses incurred in the Court of Appeals, and that he paid \$1,200 fees as directed by the court some time ago as part payment for the attorneys for Mrs. McClintock. He said that if expenses continued to pile up Mr. McClintock would have but little money left when his daughter reached womanhood. Practically the same statements were made by Judge Dundon.

Mr. Kemper said that the reason that Mr. McClintock had not been permitted to see his child as often as contemplated in the order of the court was that he was behind in his alimony payments.

The Court of Appeals granted Mrs. McClintock a legal separation from Mr. McClintock and fixed the alimony at \$100 per month. The question of the custody of the child was left to the lower court.

Many Apply for Superintendency

Since the resignation of Prof. Geo. W. Chapman as Superintendent of the Paris City Schools, which occurred last Thursday night a number of applications have been made for the position. Several prominent educators were in the city Saturday and among the number were Prof. Dean Squires, of Carlisle; Prof. Caldwell, of Mississippi; Prof. Wroe, of Flemingsburg, and Prof. Nichols, of Harrodsburg.

At the meeting of the school board Thursday evening Miss Jennie Hoard, of this city, who has been teaching the Deaver school near Paris, was elected to succeed Mrs. Nora Fields, who did not apply for re-election, but successors to Prof. Homer Wilson, assistant principal of the High School, and Miss Hazel Cottingham, of the Commercial Department, have not been selected. The following teachers in the High School were re-elected: Prof. J. S. Johnson, principal; Miss Frances Butler, Miss Josephine Alexander and Mr. C. P. Lancaster.

Music—Miss Leora Ward.
Physical Director and Elocution—Miss Marian Lynch.

Drawing—Mrs. Evelyn P. Buck.
Principal Grammar School—Miss Jessie Crisp.

The following grade teachers were also re-elected:

Grade 1 A—Miss Mary Layton.
Grade 1 B—Miss Blanche Lilleston.
Grade 1 C—Mrs. E. L. Harris.
Grade 2 A—Miss Sallie Whaley.
Grade 2 B—Miss M. Mason Talbott.
Grade 3 A—Miss Bessie Purnell.
Grade 3 B—Mrs. E. J. Stone.
Grade 4 A—Miss Lizzie Lenihan.
Grade 4 B—Miss Elizabeth Fisher.
Grade 5 A—Miss Clara Brannon.
Grade 6 A—Miss Anna Farrell.
Grade 7 A—Miss Bettie Smith.

Paris Man Elected Vice President.

The annual election of officers of the American Saddle Horse Breeders' Association was held in Louisville Friday and Hon. C. M. Thomas, of this city, was elected first vice president. Gen. John B. Castleman, of Louisville, was elected President. Among the Board of Directors is Mr. John T. Collins, of North Middletown, one of the most prominent breeders of saddle horses in this section of Kentucky. The officers and directors elected are as follows:

John B. Castleman, of Louisville, president; C. M. Thomas, of Paris, first vice president; Judge I. H. Thurman, of Springfield, second vice president; Harry Weissinger, of Louisville, treasurer; R. H. Lillard, of Lawrenceburg, secretary.

Directors—John T. Woodford, of Mt. Sterling; John T. Collins, North Middletown; E. W. McCormack, Waddy; Paul Brown, St. Louis; H. A. Greenwell, Lake Nan, Mo.; Scott Isbell, Howling Green; L. L. Wells, Cave City; R. B. Young, Mt. Sterling; Powhattan Woodridge, Louisville, and Gus Ball, Versailles.

RELIGIOUS.

The annual convention of the Christian churches of the Eighth district of Kentucky, consisting of the counties of Harrison, Clark and Montgomery, will be held in Cynthiaana, May 20 and 21.

"WE KNOW HOW"

Even WE Admit

that there are more important things in the world than having the right clothes. We realize that, as the poet says, "A man's a man for a' that."

But, unfortunately, people WILL judge a fellow by the way he looks, and even more unfortunately, lots of fellows don't look as well-dressed as they might. It isn't because they don't want to, or because they don't try, it's because they don't know how or where to get garments that will bring out the best of them and hide the worst of them.

We don't say that we CAN, because it wouldn't be modest, but we're morally sure that we MIGHT show you a suit that would cause the first friend you met to congratulate you on your improved appearance. COME and SEE.

Long French Fishing Grounds.

It is an established historical fact that for more than 400 years French fishermen have come each season to the shores of Newfoundland and the neighboring banks, except during the wars with England, when French ships were temporarily driven from these seas.

Canada's Oyster Industry.

There are no oysters on the coast of New England, north of Cape Cod, but they are numerous in certain parts of the Gulf of St. Lawrence and adjacent Canadian waters. Efforts are being made by the Dominion government to develop the oyster industry to much larger proportions than its present comparatively small size.

The Open Car Window.

The rule as to windows in passenger cars in Germany has been that they must not be opened on both sides of the car without the consent of all occupying the compartment, but on city and suburban trains in Berlin neither window in the front compartment of each car may be opened without such unanimous consent.

The Voice a Pearl.

Eilhu Burritt says of the voice: "Watch it day by day as a pearl of great price, for it will be worth more to you in the days to come than the best pearl hid in the sea. A kind voice in joy, like a lark's song, to a hearth at home. Train it to sweet tones now and it will keep in tune through life."

Rural Borders on Rugs.

Rag rugs in two-toned or hit-or-miss design are made now with contrasting borders showing country lanes, schoolhouses, churches, haystacks and other rural attractions. These are especially suitable to rooms furnished with old-fashioned furniture.

His Position.

"What are your views on the great public problems?" "I haven't any views on public problems," replied the man whose interests are under investigation. "I'm one of them myself."

Painful Situation.

"My friends," declared an orator during a convention—"My friends, I say to you that this great republic of ours is standing on the brink of an abyss!"—Saturday Evening Post.

Should Be Happy Community.

The distributors of a charity failed to find a single poor person in the village of Llangwm, Pembrokeshire, England. On the contrary, every resident is a freeholder.

Our Executive Agent.

Too much praise cannot be bestowed upon Quincy Ward, of this city, the Executive Agent of the Kentucky Fish and Game Commission, for his untiring efforts in the enforcement of the law. Scarcely a day passed that some of the State papers fail to overlook the opportunity to extend a little complimentary comment upon the manner in which Mr. Ward is conducting the affairs of this department, and it can be readily observed from the manner in which he has proceeded since the establishment of the commission, that he is worthy of every item of praise that has appeared to the public.

Doubtless if there is a man in this state who is more familiar with the conditions, nor one who, even when not acting in an official capacity, gives more study to this question. For years Mr. Ward has been identified with the sportsmen of the State, but of this great number there is not one, who seeing the game laws openly and secretly violated had the courage to take steps to bring order from chaos.

Mr. Ward was instrumental in having the game laws passed and was active in favor of the creation of a game commission by the Legislature. As a reward he was given a position at its head. How well he has attended the duties imposed upon him is attested by the daily reports that come from all sections of the activity of the agent for the commission in enforcing the laws.

Not only is this a prominent character in his career with the department, but he has taken steps to establish game preserves, a greatly neglected, although essential development. The efforts of Mr. Ward along this line will be accepted for the good they will do toward preserving the game, of the state, to prevent a ruthless slaughter, to rehabilitate the Kentucky forests and to make our State what it should be in this respect.

Abolish The Fiscal Court.

Mr. Bosworth, says the Louisville Courier-Journal, addressing the convention of County Road Engineers, aptly termed the grinding expense of bad roads the "mud tax." It is the heaviest of taxes. The farmer in a county without good roads pays a great deal more in "mud tax" than he will ever pay for the maintenance of peace by preparedness for war. He pays "mud tax" upon every vehicle, every draught animal, every bushel of produce, every parcel bought at the country store, every basket of eggs sent to market, and an enormous "mud tax" upon every acre of land. The value of land does not consist wholly in its productivity. It is in a great measure situation. Land that sells for \$100 an acre because of suitable transportation facilities from the farm gate to the freight depot will not produce any more per acre than \$40 land which is reached only by bad roads.

Mr. Bosworth has made a study of the roads question. He knows whereof he speaks when he says that the existing Fiscal Court system cannot be relied upon, to reduce the "mud tax."

The "graft tax," the "negligence tax," the "incompetency tax," are added to the "mud tax" under the Fiscal Court system. To get good roads we must abolish Fiscal Courts.

Church Rushed to Completion.

A time record in church building was established recently at Bankstown, New South Wales, Australia, when the edifice was built in ten hours.

Quite So.

"Love is a joint stock concern," murmured the girl. "Sort of a holding company," opined the young man, as he gently shifted her to his other knee.

One Day.

One day, with life and heart, is more than enough to find a world.—James Russell Lowell.

Nervous Troubles Kill Ambition.

Tona Vita Brings it Back to Worn-Out, Half-Sick People.

One of the principal symptoms of nervous troubles is a feeling of discouragement.

A man or woman suffering with nerve exhaustion feels so worn out and miserable most of the time that they become hopeless and depressed.

Life doesn't seem to be worth living. Tona Vita has been pronounced by physicians to be the most reliable and successful tonic and nerve food ever sold to the public. It is building up many thousands of rundown, nervous men and women and restoring them to health and happiness.

If you are a sufferer from nervous breakdown, try this great tonic, and as you feel your health, strength and ambition return, you will be changed in mind as well as body. Life will seem like a different thing to you in a few weeks' time.

Tona Vita is sold by Chas. E. Butler & Co.

Keeping the Body in Repair

Nature intended that the body should do its own repairing—and it would do so were it not for the fact that most of us live other than a natural life.

Nature didn't intend that we should wear corsets, tight collars or shoes, nor live in badly ventilated and draughty houses, nor eat and drink some of the things that we do, nor ride in street cars when we should walk.

The consequence is that the body when it gets out of order must look for outside help to make the necessary repairs.

Mr. T. C. Powell, Vice President of
the Queen & Crescent and Southern
Railway, has advised his local repre-
sentatives that the Queen and Crescent
Route was running all passenger
trains between Cincinnati and the
South on regular schedule, and all
freight and express traffic, both car
load lots and less, between Cincinnati
proper and the South, without delay
or confusion. Mr. Powell also said
that between Louisville and the South
there never has been any interruption
to traffic by the Q. & C., and that all
through traffic via Louisville is now
being handled.

Pains in the Stomach.

If you continually complain of pains
in the stomach, your liver or your
kidneys are out of order. Neglect may
lead to dropsy, kidney trouble, diabe-
tes or Bright's disease. Thousands
recommend Electric Bitters as the
very best stomach and kidney medi-
cine made. H. T. Alston, of Raleigh,
N. C., who suffered with pain in the
stomach and back writes: "My kid-
neys were deranged and my liver did
not work right. I suffered much, but
Electric Bitters were recommended
and I improved from the first dose.
I now feel like a new man." It will
improve you too. Only 50c and \$1.

Coughs and Consumption.

Coughs and colds, when neglected,
always lead to serious trouble of the
lungs. The wisest thing to do when
you have a cold that troubles you is
to get a bottle of Dr. King's New Dis-
covery. You will get relief from the
first dose, and finally the cough will
disappear. O. H. Brown, of Musca-
dine, Ala., writes: "My wife was
down in bed with an obstinate cough,
and I honestly believe had it not been
for Dr. King's New Discovery she
would not be living today." Known
for forty-three years as the best reme-
dy for coughs and colds. Price 50c
and \$1. Recommended by Oberdor-
fer's.

DEATHS.

McCARNEY.

—Mrs. Mattie McCarney, of this city, aged about 65 years, died Sunday morning at 11 o'clock at the Good Samaritan Hospital in Lexington, following an operation. Mrs. McCarney had been in the institution about two weeks, during which time two operations were performed, the last one Friday, with the hope of relieving her suffering. She had been in ill health for about two years.

Before her marriage to Mr. Joseph W. McCarney, who served four terms as jailer of Bourbon county, she was Miss Mattie Horton. She was an excellent Christian woman, being a devout member of the Christian church. The body was brought to Paris Sunday afternoon by Undertaker George R. Davis and Mr. R. K. McCarney, and taken to the home of Mr. and Mrs. Thos. Helm Clay, on Eighth street.

The funeral will be held this afternoon at 3 o'clock from the residence of Mr. and Mrs. Clay, with services conducted by Rev. W. E. Ellis, of the Christian church. Burial in Paris cemetery.

The pall bearers will be Thomas Helm Clay, Lee T. Beall, J. Will Thomas, William Myall, L. J. Fretwell, Ossian Edwards.

SOUZA.

—Mr. Alexis Souza, aged ninety years, one of the oldest natives of New Orleans, died suddenly Wednesday, April 9, at the home of his daughter.

Mrs. T. D. Terrebone, in Abita Springs, La. Mr. Souza was a veteran of the Civil War, serving four years in the Confederate service with the rank of Lieutenant.

Mr. Souza, who was the father of Mrs. William R. Hukill, of this city, was born in New Orleans on Sept. 15, 1823. He was of French parentage and at an early age was sent to Crete, France, where he received his education. Upon the completion of his studies he returned to New Orleans.

At the outbreak of the Civil War Mr. Souza was commissioned as Second Lieutenant in the Orleans Battalion of Artillery and served with distinction throughout the conflict. He was a member of the United Confederate Veterans.

Mr. Souza's career was very eventful, and guided by the hand of a strange Providence. After the close of the war in which he was subjected to many dangers, he was enroute home from New York to join his family, on the steamship Eastern Star, which was wrecked off Cape Hatteras and of the 475 passengers only four escaped, one of whom was Mr. Souza. He was also a passenger on a steamship that was wrecked about five years ago in which scores lost their lives.

Mr. Souza was identified with a large dry goods company in New Orleans, in the capacity of sales manager until his retirement a few years ago. He is survived by three daughters, Mrs. T. Pazos, of New Orleans, Mrs. F. D. Terrebone, of Abita Springs, La., Mrs. W. R. Hukill, of this city, and two sons, W. P. Souza, of Portland, Ore., and V. Souza, of New Orleans. The funeral was held Thursday.

Small Farms at Auction.

Fourteen small farms containing from 3 1/2 to 1 1/2 acres each, located in Bethlehem Place, near the city limits, will be sold at auction, on Wednesday, April 23, at 2 p. m.

Prizes for Kentucky Association

Fifty dollars in gold is offered by John B. McFarlan, of Louisville, to the county which has the largest proportional attendance, based on miles traveled, at the meeting of the Kentucky Educational Association at Louisville, April 30. This year the trustees become a component part of the K. E. A.

In addition to this, three prizes of \$25 in gold each have been offered for the best 500 word essay on the following subjects: "Duties of a (Sub-District) Trustee," competition limited to rural trustees.

The same subject, competition limited to county superintendents and teachers.

"Qualifications of a Sub-District Trustee and How to Get Him." Any person may enter.

These essays must be in the hands of Secretary T. W. Vinson, Frankfort, Ky., by noon April 23, and the winners will be announced the first day of the meeting. The Board of Directors will be the judges: State Superintendent Barksdale Hamlett; President R. L. McFarlan, Owensboro; President H. H. Cherry, of the Western State Normal; Supt. E. F. Darnaby, Winchester, and Supt. Jay O'Daniel, of Lawrence county.

Bethlehem Place Addition to Paris.

Howard Seeks Collectorship

A Washington dispatch says Mr. Ulis J. Howard, of Covington, is a candidate for Internal Revenue Collector. While in Washington he presented his petition to Senator James. His entry was unexpected. Mr. Howard is a son-in-law of Mr. Belle Brent Alexander of this city.

For White People Only.

Remember that tracts of land in Bethlehem place will be sold to white people only. Come out on Wednesday, April 23, at 2 p. m., and buy acres at town lot prices.

MATRIMONIAL.

FRANKS-HOSSLER

—Relatives in this city have received an announcement of the marriage of Miss Emilee Franks, formerly of Paris, to Dr. Ernest Hossler, of Frankfort. The wedding occurred in Lexington Friday evening, April 11.

The bride is the youngest daughter of Mrs. Albert Stone, of Louisville, formerly of this city. She is a graduate of the Midway Orphans School, and had just completed a one year course of training as a nurse at the White Oak Sanitarium in Lexington. She is a most estimable young woman, and much admired by a host of friends in this city. Mrs. Lee Stark, of Paris, is a sister of the bride. The groom, who is studying medicine, is a member of a prominent family of Frankfort, and as soon as he completes his course in medical college will locate in Frankfort.

STOCK, CROP AND FARM NOTES.

—A profit of \$200 an acre, raising and canning tomatoes, besides the profit on canning fruits at their season, is the prospect being held out to the agriculture industry of Kentucky through the encouragement of girls' canning clubs. The Department of Agriculture is directing the club members how to do this work with the least labor and economy of time and evenness of production. Commissioner Newman said that the canning business is being developed in the South differently from the North and East, where big canning companies purchase the fruit and vegetables. In the South the farmers themselves are canning their product with increased profits.

—Countess, John G. Greener's crack six-year-old racer, which has been ill with fever since March 25, died in Lexington, Friday.

Battle Creek and Colts This Week.

The Battle Creek team, handicapped by unfavorable weather conditions are having a hard time at practice. The cold, raw days are working quite a hardship, but in the face of this the men are doing daily work at the local park and are gradually getting into good shape.

Manager McKernan thinks he has an excellent bunch to pick from this season, but however is not satisfied with taking any chances, so, is keeping his weather eye out with a view of securing a few of the players made free agents when the Blue Grass was expelled from organized ball.

McKernan with his men will remain in Paris the remainder of this week, he having arranged for several games to be played here and at Lexington. The game which was to have been played Sunday afternoon was declared off Saturday night, after Mayor Hinton had issued an order prohibiting the tilt with the Bloomer Girls. Sunday was a very disagreeable day and it is doubtful even if the officials had not interfered, if the game could have been played.

The Battle Creek Club will meet the newly organized Colts of the Ohio State League Thursday afternoon at White Park, and the first of a series of four, two of which will be played in this city, Thursday and Friday, and Saturday and Sunday the Crickets will journey to Lexington.

With the completion of this series McKernan will strike for the North, having arranged a number of exhibition games enroute to Battle Creek, and plans to arrive in that city a few days before the opening of the season.

Too Much for the Englishman.

A professor from Iowa went to England last summer and was introduced to a professor from one of the English universities. He welcomed the American and said: "I met one of your colleagues last summer. We had another professor from Ohio here to visit us." "But I am from Iowa." "Iowa, indeed! How very interesting. I am sure the other gentleman called it Ohio."—Lippincott's.

Three Cheers.

A town meeting had been called to devise ways and means to provide for the poor of the community. After many speeches had been made and many resolutions offered and much time wasted and nothing done, a benevolent German arose in the back part of the hall and said: "Mister Chairman, I move, before we adjourn, we all stand up undt gif three cheers for de poor!"

Cut Wood With a Paper Saw.

Real novelty being so extreme a rarity one is not surprised to learn that the circular saw made of paper that can cut through wood does not represent an entirely new idea after all. Paper has for years been used in the construction of articles in which strength and durability are essential, as railway carriage wheels, for instance.

Rather Flimsy Excuse.

The case of "any excuse" was exemplified recently at Capetown (S. Africa) criminal court. A native when asked by the magistrate why he had signed his evidence "Tom Harris," his real name being April Phalandor, replied that he did so because the pen was a bad one and his hand was shaking.

Boy's Arm Broken.

Jesse Napier, Jr., son of Mr. and
Mrs. Jesse Napier, had his right arm
broken Friday afternoon about six
o'clock, when he jumped from a box
car in the rear of their home, on East
Main street, into a car containing
sand. The boy, who is aged about ten
years, was playing in the cars with a
number of companions. He was re-
moved to the home of his parents,
where his injuries were attended to by
Dr. C. G. Daugherty.

chicken fighters have again assumed
activity and Saturday night a large
cocking main was pulled off on a boat
anchored in the middle of the river.
The seance continued far into the
morning, resulting in the Covington
chickens coming out the victors. Sev-
eral Ohio River towns were represented
as well as Lexington and Paris. A
number of local followers of the sport
were in attendance, but the Paris
chickens were outcounted in the finish.

Mr. Thomas Replies to Stanley.

Replying to the charges of Congress-
man A. O. Stanley, State Senator
Claude M. Thomas, of this city, came
out with a caustic statement in the
issue of the Louisville Post Friday.

In an article published in the Courier-
Journal last Monday, Congressman
Stanley charged that Mr. Thomas as a
former representative of Bourbon
county in the Legislature fathered a
bill to abolish the Kentucky Railroad
Commission, for which alleged reason
Congressman Stanley opposed Mr.
Thomas' appointment as United States
Minister to Peru.

Mr. Thomas reviews his course with
reference to the bill, which he says
was properly safeguarded to protect
the public and was in line with latter
day railroad rate regulation.

Much of Senator Thomas' statement
consists of personalities directed at
Congressman Stanley in which he
handles the First District Congress-
man without gloves.

Babies Health League Meets.

Much interest was manifested at the
meeting of the Babies' Health League
held Saturday. Dr. C. G. Daugherty
was present and made a very practical
talk on the care of mother as well as
of babies, which was very helpful and
full of excellent suggestions and ad-
vice. The constitution and by-laws
were adopted and also the official
score card which has been adopted by
the Iowa branch of the National Con-
gress of Mothers, and approved by var-
ious health committees of the Ameri-
can Medical Association and Women's
Clubs. This score card contains the
requirements which will be necessary
for entrance to the Baby Health Ex-
hibit to be held at the Bourbon Fair
next September. The next meeting of
the league will be held the first Satur-
day in May.

This league intends to pursue a sys-

A WINTER COAT

not only keeps cold out, but conserves body-warmth; body-fat serves the same purpose, it enables us to resist unsettled elements and serves as the great source of our body-heat. Greater body-warmth means richer blood, more fat, not obesity but fat which the body consumes for warmth, vitality, resistance-power—as a furnace consumes coal for heat—Scott's Emulsion does this.

A teaspoonful after each meal makes body-warmth—healthy, active blood—sharpens the appetite and makes all good food do good.

It drives out and keeps out colds by raising endurance-power and creating strength.

"My New Studebaker"

There's a note of pride in the remark. To own a Studebaker buggy is to own the finest, classiest looking, lightest running vehicle on the road.

Slender, yet sturdy wheels, flexible bent-reach gear of the new Studebaker pattern, well proportioned, graceful lines, upholstery of the kind that makes you want to lean back and enjoy yourself, and the Studebaker double ironed shafts, strong and shapely.

Why wouldn't any man be proud to own a Studebaker?

Memory Gems for Children.

Children learn readily of right thinking and right doing through anecdote and memory gem. We cannot give them too many memory gems, provided they are suited to their age and intelligence. Every thought will not affect every child, but every thought will affect some child. Robert Louis Stevenson said he was brought up on poetry and stories, and these poems and stories were the source of his later inspiration.

Directing Children Aright.

The young need to be taught that although there is sometimes a pleasure of the senses in committing sin, it is inevitably followed by remorse and punishment. Crime, remorse, punishment form an inseparable trio. On the other hand, while it is often hard to do right, the sense of satisfaction, self-respect and self-control that follows right action is worth all the effort made.

The Sneezers.

"At whom are you looking?" demanded the young lady of the young man who obstructed her path. "Atchoo!" replied the hay fever victim, and hurried away.

Beware of Ointments for Catarrh That Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system on entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure and get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

HUSBAND RESCUED
DESPAIRING WIFE

After Four Years of Discouraging
 Conditions, Mrs. Bullock Gave
 Up in Despair. Husband
 Came to Rescue.

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side:

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

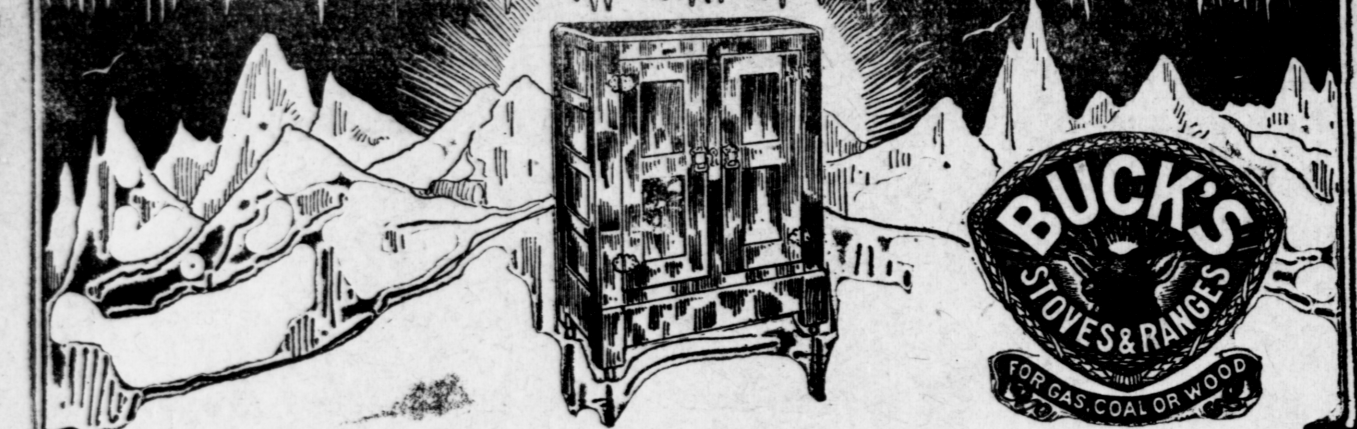

I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing all my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

GOOD HOUSES FOR CHICKENS

Leghorns Stand Cold Weather, Provided They Are Free From Dampness and Draughts.

We have one building 18x70 feet and one 18x128 feet made of matched pine, not doubled or lined, a pitch roof covered with two-ply roofing and dirt floors. Both buildings face the south and each has the south side covered with an equal amount of glass and muslin half-way from the eaves, the latter half enclosed with matched

Single-Comb Brown Leghorn.

pine. These windows have been opened wide daily regardless of zero weather. Single Comb Brown Leghorns stand cold weather, provided they are free from drafts and dampness, says a writer in an exchange. Our buildings have dirt floors covered with one foot of wheat straw. The dropping boards and roosts are cleaned and disinfected with a hot spray from a force pump every two weeks. The broken straw from the floor is placed upon the dropping boards and the floor covered anew with wheat straw. The cost of the building, exclusive of land, was \$3.88 per lineal foot, 70 plus 128 feet, thus housing 1,250 layers at 62 cents per hen. The usual estimate is \$1 per hen.

HINTS OF DUCKS AND GEESE

Duckling Should Be Marketed Before Twelve Weeks Old—Same Is Said of Goslings.

A Pekin duckling weighs about two ounces when hatched, and should take on weight as follows: Three to four weeks, one pound; six to eight weeks, four to five and one-half pounds; and at ten weeks, five and one-half to six pounds. Ducklings should be marketed at from nine to twelve weeks of age. After that they take on weight slowly, and it is not profitable to keep them longer than twelve weeks.

Geese grow about as rapidly as ducks. Allowance of course must be made for the original difference in size—newly hatched goslings weighing about four ounces. Turkeys do not grow rapidly at the start, but develop much quicker after three months of age.

POULTRY NOTES

Gather eggs daily. Cull out small eggs.

The goose averages about thirty eggs.

Geese do not thrive when yarded; ducks do.

The goose like the duck, has practically no crop.

The average weight of the goose is twice that of the duck.

Geese pair, but drakes will take care of four or more mates.

A hen left to shift for herself may lay in summer but seldom will in winter.

Are you figuring on entering one or two pens in a poultry show, if not, begin now.

Before packing and shipping poultry should be thoroughly dry and cold, but not frozen.

Limberneck is caused by the fowls eating some dead animal matter that has bred maggots.

The goose is a grazing bird, while the duck thrives with a limited amount of green food.

Don't forget to sprinkle lime on drop boards, not too much, for it is hard on the chicken's feet.

Meat in some form must be fed poultry at least twice a week—also green food if you want results.

A good dry mash for layers: Two parts bran, 1 part cornmeal, 1 part alfalfa meal, and 1 part beef scrap.

Ducks can be profitably bred for four years, geese can be bred for many years—for a period that seems incredible.

Fifty hens with abundant room, care and proper feed will return more cash than one hundred carelessly fed and crowded.

Dust the hen with insect powder before setting, and twice more while hatching, then chicks will not be full of lice to begin with.

After hens have passed their period of profitable laying (two or three years), they may be sold at little if any loss on their first cost.

BURLEY

Black Percheron. Weight 1760
\$15.00 To Insure

BURLEY is a splendid specimen of the draft horse and his get have proved to be of the very best. There is a steadily growing demand for the class of horses produced by Burley, both upon the farm and in the cities. They can stand more work than the average horse. He is 7 years old, a beautiful black, well formed and of the class that catches the eye. In selecting a horse to breed to pick one whose produce commands the best price.

The Above Horses Will Make The Season of 1913 At Woodland Stock Farm.

About 7 miles north of Paris on the Cynthiana pike. Money due when colt is foaled, mare transferred or bred to other stock without my consent. Lien retained on all colts until season money is paid. Care taken to prevent accidents but no responsibility assumed should any occur.

The ideal carriage horse is the American trotting bred horse, with size, speed, courage, and the true trotting gait, with plenty of knee and hock action. In addition he must have a clean cut head and neck, style and finish, plenty of substance without coarseness.

Recognizing the demand for this class of horses, I selected Taylor Simmons 23489, a young horse which fills all the requirements of the typical carriage horse. If the theory that "like begets like" be true, he will produce horses of this type when mated with good mares. Through his veins flow the blood of the greatest trotting families. He traces twice to George Wilkes and five times to Mambrino Chief II. This is backed by the stout thoroughbred blood of Boston.

A few of the fancy priced ones sired by Taylor Simmons: Thendara, winner in the walk-trot class at the Blue Grass Fair in 1907, Louisville Horse Show and in the East, sold by Col. C. L. Bailey for \$2,500; Alleen Powers, sold to Godfrey Priest, of New York, for \$1,000; Little Nath, sold for \$500 to Eastern parties. His get are always commanding the price that pay a man to raise good stock.

Lien retained on colts until season money is paid.

FOR SALE!

DESIRABLE

Stock Farm
Bourbon County,
Kentucky.

Belmont Stock Farm, the beautiful suburban home of the late John A. Lyle, is offered for sale privately. This farm is admirably adapted for raising of blooded horses. Located as it is on the interurban line, one-quarter of a mile from Paris, Ky., on the Lexington pike, containing 150 acres of good land, the place should appeal strongly to any one wanting an ideal country home.

The farm is improved with a substantial two-story brick dwelling, equipped with water works, lighting system, bath room, furnace, etc. Also a large well appointed stock barn, large tobacco barn and all other necessary out-buildings, all in good condition.

This is one of the most desirable country places in the Bluegrass and the soil is in a high state of cultivation. The home is nearly surrounded by a beautiful woodland, and the place is abundantly supplied with never-failing water.

Persons looking for such a place are invited to inspect the premises. For further information, apply to

"Improved" Bull Fight.
A bull fight in Tokio is quite as much excuse for a gala day as a full fight in Madrid. Business men leave their offices, and women and children their homes, to hurry to the arena. Stripped of all the less exciting, or less horrible, preliminaries which characterize the Spanish bull fight, the animals are brought in and sent at each other at once. So the battle is shorter, and two or three more fights will follow in quick succession during the course of an afternoon's "entertainment."

Test of Sobriety.
Many shibboleths have been devised for testing sobriety. George Meredith, who doubtless could have evolved some wonderful examples, had he chosen, calls them "oinometers, or methods of determining the condition of man, according to the degrees of wine or beer in him." One of the most snareful of these is the sentence, "Give James Grimes' gilt gig-whip, and a cup of coffee from a copper coffee pot."—London Chronicle.

Before Visiting Sick.
An infectious disease is more liable to be taken when one has been long fasting than soon after a meal. It is well, therefore, when going to see a friend suffering from a disease of this kind to eat a substantial meal first. Neither should one go into an affected area when very warm or after a long, quick walk, when the pores of the body are all open.

Butcher Shop for Cats.
There is a butcher shop in New York city that is unique in one way at least. It has been there more than 30 years. From the very beginning its proprietor, in addition to his regular business, has made a specialty of furnishing appetizing meals for cats. Every morning there is set forth on a long counter about 100 trays of cats' meat.

Fixing Carpet Rug.
When a hole is worn in your carpet rug whip over the edges of the hole with yarn, matching the colors in the rug; then, also with yarn, fill in the hole with very tight crocheted stitches, using a plain stitch; then over this work little loops of yarn that will correspond to the loops in the weave of the carpet.

First Public School.
Brooklyn had the first free public school in the United States. With the coming of Adam Roselanden in 1633, the first school tax ever levied in America was imposed on each householders and inhabitant.

Mrs. C. M. Best is leaving no stone unturned to make the M. M. I. home coming, beginning the third of June, a pronounced success. The closing of the present season will be the twentieth anniversary of Col. and Mrs. Best in Millersburg. The event promises to be the most notable in the history of Millersburg. It has been suggested that the occasion be made a home coming for those who have formerly resided here, and plans are now under way for a grand reunion.

There are a number of gates in town that constantly stand open, especially is this true on the South end of Trigg avenue and Vimont street. Since the town has been so much beautified and improved by the removal of many of the fences it is not really necessary that there should be any. Unless a remedy is provided a petition will be presented at the next meeting of the city council asking that all gates be hung from the inside.

MILLERSBURG COAL AND LUMBER CO.

Luke McLuke Says

It makes a lot of difference to a girl, but a man doesn't care, whether the lace on her undergarments is hand made or not.

It takes a woman who wears a pair of silk stockings and a smile all winter to worry for fear her husband will take off his heavies too soon.

A man begins to quit being crazy about a girl when she starts being crazy about him.

It would help some if girls were as anxious to be good cooks as they are to be good dancers.

A girl will run around the house in a peek-a-boo skirt and a gauze under-vest. But she wouldn't think of leaving her room unless she had something on.

How Barbed Wire Fences Spread Disease Among Cattle.

The following is taken from a current issue of Farm and Fireside:

"A doctor holds a post-mortem on a badly infected subject. His knife or scalpel slips, and he cuts a finger. Blood poison and death ensue. A tuberculosis cow is stung by an insect. She goes to the barbed wire fence and scratches the itching spot; breaks the skin and leaves infected blood on the barbs, which dries, but the germs remain dormant waiting for, perhaps, a healthy cow to come along; and she does, and scratches, and automatically inoculates her blood with the tuberculosis germ.

"This isn't theory. Any surgeon or bacteriologist will O. K. all the above as to germ-transference.

"A cow 'hooks' another, draws blood with the tip of her horn, which, when smeared with dried infected blood, is just as deadly as the sharp barbed wire.

"No keeper of valuable horses permits a foot of barbed wire on his ranch."

Open Letter from Hon. J. Will Clay.

Mt. Sterling, Ky., April 14, 1913. Hon. Rufus Hadden, City.

My Dear Sir:

As opposing candidates for the Democratic nomination for State Senator, you and I both want as little friction within the party as possible, and while I have absolutely no objection to submitting my claims to the Democracy of the entire district, it has occurred to me that since it is Montgomery County's time to furnish the nominee, under the rotation agreement long observed, that it would promote party harmony and be in accord with an overwhelming sentiment in the district and especially in Bourbon and Clark counties, to submit our claims to a primary in our home county at such a time before the State Primary as you may suggest, the officers to be divided equally between us by the Democratic County Committee, or the County Board of Election Commissioners, or by Mr. Clifton Prewitt, Sr., of your church, and Mr. John T. Woodford, of mine, or in such other fair manner as you may suggest, each to be entitled to a challenger and inspector in every voting booth to insure absolute fairness and the cost of such primary, which will be much less than the legitimate cost of a canvass of the entire district, [to be borne equally, the loser in such primary to withdraw as a candidate before the State Primary.

I pledge myself to do this if my fellow-Democrats at home do not want me to represent them in the Senate, and I feel you entertain similar views. Awaiting your early reply, I am,

Very respectfully yours,

J. WILL CLAY.
